

Lawn & Garden Offer

Since Honda joined ProTradeNet in February 2019 we have worked with various Countrywide Grounds Maintenance franchises ensuring they have access to the best Honda machinery at the best price for their commercial fleets.

We understand that many members of Neighbourly® do not use this type of machinery in their businesses, but you may use them at home! Therefore we have put together a small selection of some of our bestselling domestic machinery along with the supported price through PTN so you can take advantage of these benefits.

HRG466PK & HRG466SK

The HRG466PK (push) and HRG466SK (drive) are part of our famous IZY range. These pedestrian lawnmowers have been customer favourites for decades due to their blend of performance, reliability and usability.

Both are equipped with GCV160 engine, a 46cm cutter deck and a 5 year warranty.
